

## **PRESS RELEASE**

Eric Crosslin  
City of Wichita Falls  
Public Information Office

November 7, 2019

### **8th Street Stormwater Repair and Street Closure**

The City of Wichita Falls Streets Division will be repairing a stormwater drainage pipe in the 800 block of 8th Street between Lamar and Scott Ave beginning on Monday, November 11, 2019. The repair is expected to take approximately three days. 8th Street will be closed from Lamar to Scott during the repair. Meanwhile, there is a traffic plate protecting the area and is safe to travel over. However, we advise the public to avoid the area until the repair is completed.

We appreciate the cooperation and understanding from the public and apologize for any inconvenience as we make these repairs to critical city infrastructure.

For more information, please call contact the City of Wichita Falls Streets Division at (940) 761-7970.
