Utility Payment Kiosk

This week a software update was conducted on the drive-up utility payment kiosk located at, 1300 7th Street. Unfortunately, the upgrade has caused a temporary disruption with the machines' ability to accept credit card payments. The Utility Department is working to resolve the issue in a timely manner.

In the meantime, residents can still pay utility bills by **cash** or **check** at 1300 7th Street 24 hours a day.

We apologize for the inconvenience and appreciate your patience while we work to get the kiosk fully repaired.

For questions or concerns please call the Utility Collections department at 940-761-8830 or the Public Information Office at 940-761-7404.
