Temporary Warrant Amnesty Program Ending

Wichita Falls, Texas – The Wichita Falls Municipal Court understands the potential financial struggles created due to the COVID-19 pandemic. Therefore, from May 20, through June 3, the Municipal Court offered a Warrant Amnesty Period. This was done in an effort to save defendants money and possible arrest. Over 800 warrants were assigned to cases, but not issued during that two-week amnesty period. Residents were encouraged to contact the Court and establish a payment plan, request an extension on the due date, or consult other available court options. Unfortunately, only 183 of those cases took advantage of the amnesty program. The court has now issued warrants to the remaining cases and payment is now due.

To address a case, please contact Municipal Court at 940-761-7880 or visit the Court in person. Please be advised that temporary safety measures may still be in effect, so allow enough time, as cases will be processed as quickly and safely as possible.

Media Inquiries: Stan Horton, Court Administrator/City Marshal at 940-761-7880.
