Lane Closures at Jacksboro Highway and Galveston Due to Water Main Leak

Wichita Falls, Texas – Due a water main leak on Jacksboro Highway and Galveston Street, the street will need to be excavated and repaired. Both lanes of traffic on Galveston Street on the West side of Jacksboro Highway are closed. Additionally, both South bound lanes of Jacksboro Highway at Galveston Street are closed to traffic as well. The North bound lanes of Jacksboro Highway and East side lanes of Jacksboro Highway at Galveston should remain open to traffic for the time being. Crews are still working to determine the cause of the leak and an estimated repair time. Please be cautious when driving through the area.
