2021 Sewer Budget Utility Improvement Project Phase 1

Wichita Falls, Texas – As a part of the 2021 Sewer Budget Utility Improvement Project Phase 1, construction work will begin at the intersection of Kell East Blvd and Lawrence Road. The construction will be split into two phases that will each take a day to complete, weather permitting. The first phase will begin Tuesday, September 7, 2021 with the second phase following approximately three weeks later, weather permitting. During construction, single lane closures will be required on Kell West, Kell East and Lawrence Road with traffic control in place but at least one lane will remain open for each direction of traffic.

Please use caution and drive slowly when traveling in this area. We appreciate your continued understanding and patience as Public Works continues to rehabilitate and repair sewer lines during this project.

For more information or questions, please contact the City of Wichita Falls Engineering Division at (940) 761-7477.
