Scheduled Water Main Repair with Flyover Exit to Downtown and Lane Closures

Wichita Falls, Texas- The Water Distribution Division will be conducting a scheduled repair of a leaking water main on 6th Street between Austin and Burnett Streets. This repair will require the closure of the I44 Flyover Exit to Downtown and 6th Street, starting at 9:30 am on Monday, February 28th.

During this time, northbound motorist on the Flyover trying to reach downtown Wichita Falls should exit US82/287 at the Broad Street exit.

The Exit closure will, last thru Friday March 4th, to allow for the water leak to be repaired and the street to be put back into place.

Please take this road closure/detour into account when traveling into the Wichita Falls downtown area.

We appreciate your continued understanding and patience as we continue to maintain the water distribution system. For more information, you may contact the Public Information Office at 761-7401, or the Water Distribution Division at 761-4333.
