## **2021 Sewer Budget Utility Improvement Project Phase 2**

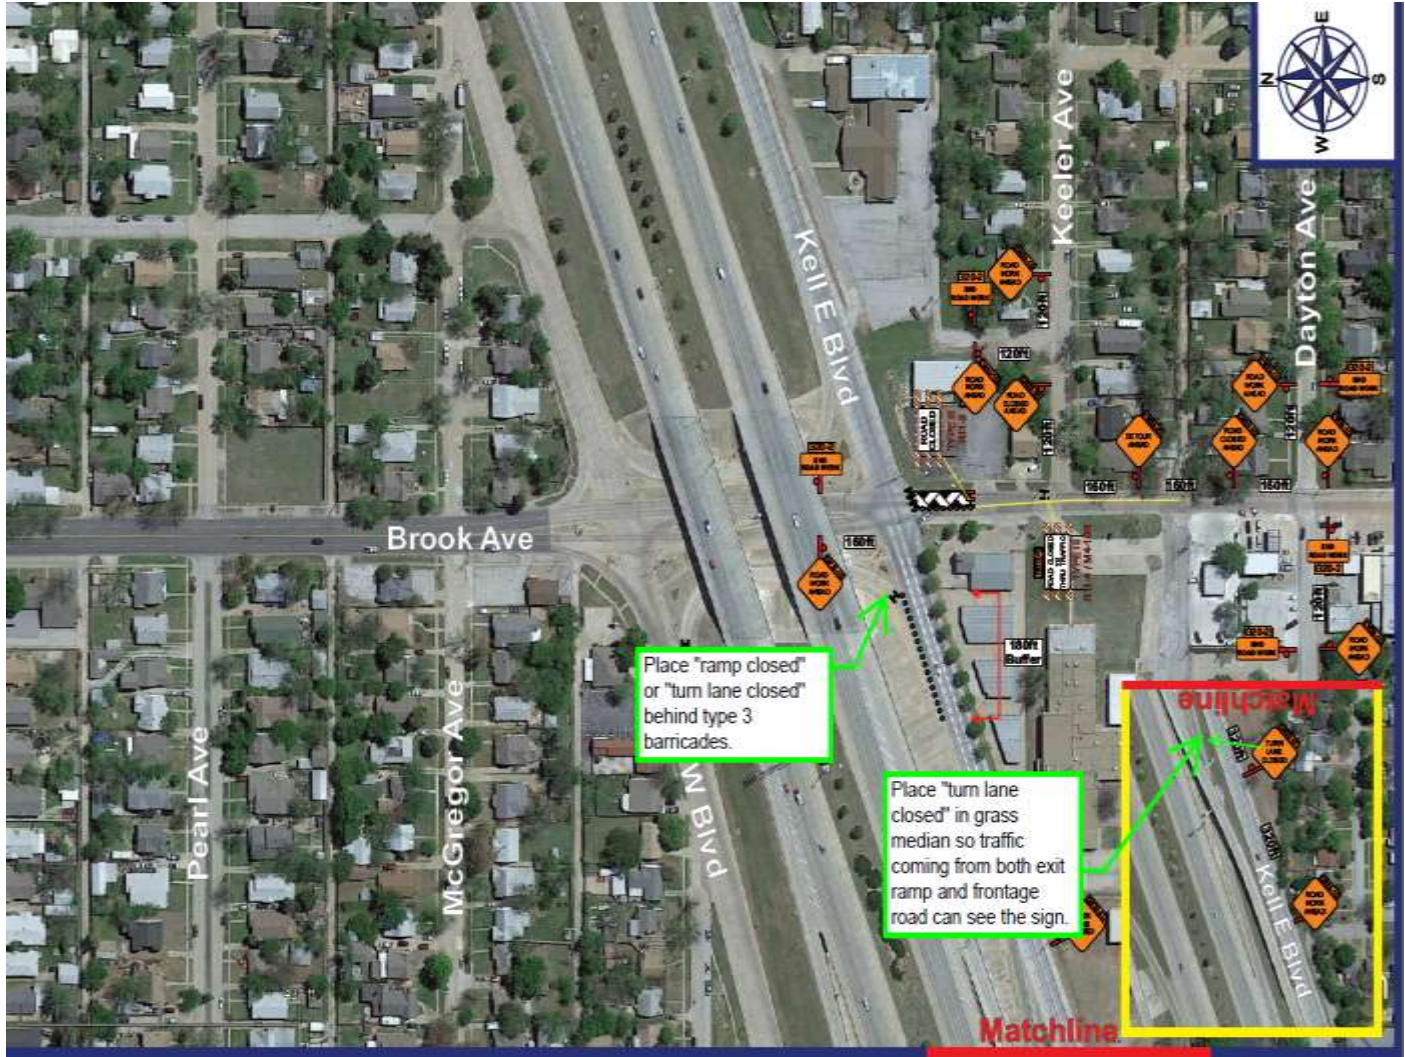

Wichita Falls, Texas – As a part of the 2021 Sewer Budget Utility Improvement Project Phase 2, construction work will take place along Brook Avenue, crossing Kell East Frontage Road.

The Contractor will bore a new sewer line under Kell to avoid disruption to east bound traffic on Kell Frontage Rd. Construction will take approximately 4 weeks to complete, weather permitting.

Construction will begin April 18, 2022 which will require closing the northbound lanes at the Kell East Frontage Rd & Brook Ave intersection and as a result northbound through traffic will be detoured around the construction site through adjacent streets. It is recommended citizen's detour to the West through adjacent streets towards Harrison St. Southbound traffic will remain open through the construction site.

Please use caution and drive slowly when traveling in this area. We appreciate your continued understanding and patience as Public Works continues to repair sewer lines during this project.

For more information or questions, please contact the City of Wichita Falls Engineering Division at (940) 761-7477.
